

J. Benson Construction

NMSDC Presentation

Core Focus

We make the world a better place by creating construction careers for people from underserved communities.

“The best social service program in the world is a job.” –*Louis King*

What We Do

- We are a Commercial General Contractor and MBE partner.
- We self-perform rough and finish carpentry, doors and hardware, and Division 10.

Community Involvement

After the civil unrest following the murder of George Floyd, the Twin Cities experienced a range of destruction across key cultural corridors.

We partnered with the Minneapolis Foundation and Restore Rebuild Reimagine Fund to rebuild dozens of businesses located on East Lake Street, West Broadway, and University Avenue.

Project Example

We proudly partnered with the first Black owned bank in Minnesota, First Independence Bank, to build their first two Twin Cities branch locations.

2022 AGC Diverse Business of the Year
