

**X-CENTRIC**  
*IT SOLUTIONS*

COMPANY OVERVIEW

---

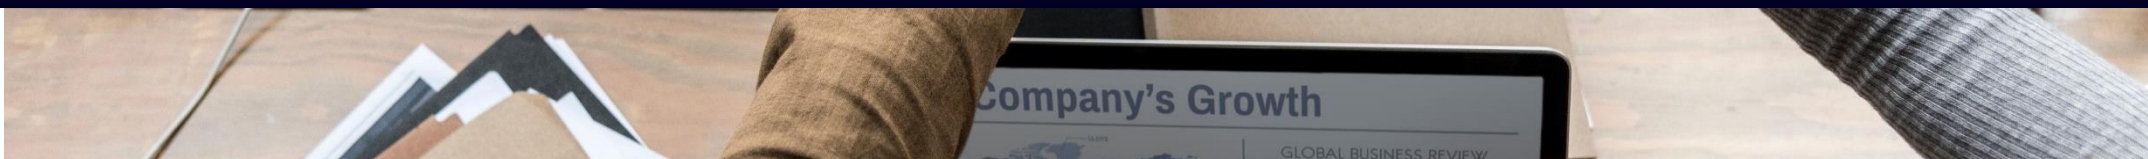

# about us

With over seventeen years in business, we are one of the most trusted providers of technology solutions in the Midwest. Our team of experts brings a wealth of experience and knowledge to every client, working closely with you to understand your unique needs and create customized solutions that deliver results. No matter the size of your organization, we will help you obtain maximum value from your IT investments. Whether you're looking to streamline your operations, enhance your security posture, or leverage the latest cloud technologies, we have the expertise to help you achieve your goals.

# The X-Centric Difference

## **Enterprise experience**

With decades of enterprise consulting experience, our team brings a wealth of knowledge and expertise to the table. We're passionate about delivering innovative technology solutions that transform businesses by increasing efficiency, improving productivity, and reducing costs, no matter the size of your organization.

## **Security-first approach**

Security is our top priority. The increasing sophistication and frequency of attacks has led us to believe that everyone is a target, and we take security very seriously. We believe that security should be a top priority for all businesses, and we are committed to providing the best possible security solutions for our clients.

## **Trusted partners**

At X-Centric, we value partnership above all else. We are firm believers in the power of collaboration and believe that the most successful businesses are those that work together. If you're looking for a partner that will work with you to achieve success, then look no further than X-Centric.

# Our leadership team

**Nasir Khan**  
President & CEO

I founded the company with a vision to create exceptional client experiences through innovative and forward-thinking solutions. What makes me unique is my integrity. I always put the needs of my clients first and work tirelessly to ensure they are satisfied. My team shares this commitment, and we are constantly looking for new ways to exceed our clients' expectations. We believe that our clients should be our number one priority, and we take pride in providing them with the best possible service.

**Justin Knash**  
Chief Technology Officer

As CTO of X-Centric, I work on the leading edge of technology - always looking for ways to improve our products and services. I'm passionate about my work, and firmly believe that automation is the key to unlocking efficiency and driving innovation. I work directly with our clients to solve their most complex business problems. My goal is to always stay ahead of the curve and provide our clients with cutting edge solutions that help them succeed.

**Jennifer Cwiklinski**  
Chief Operating Officer

I have a passion for helping our clients achieve their goals. I believe in harnessing the power of data to make better business decisions, and I'm driven to help organizations drive operational efficiency. As COO of X-Centric, I work with clients to ensure that they're getting the most value from our products and services. I'm also passionate about cybersecurity. My goal is to make sure that no company falls victim to a cyberattack simply because they didn't have the right tools in place.

# Our guiding principles
